

LAKES
SHOWERING SPACES

Designed
for life

your life.
your style.
your space.

Where you can be you

Many bathrooms don't have a bath now because increasingly we prefer to shower.

The pace of life is accelerating and lifestyles are changing. Showering is at the heart of different lifestyles: showering the little ones, or the dog, cleaning up after an afternoon's football, and showering safely if you're unsteady on your feet.

More often than not, we share these spaces, sometimes more than we'd like. Multigenerational living is on the rise, with children, parents and grandparents living together. House sharing with non-family members is growing too, and privacy is important. We value personal space.

We do more in the shower than just get clean. We get ready for the day, listen to the radio, sing like nobody's listening, think of great ideas. We de-stress after a difficult day and add the final touches for a night out.

Regardless of size and style your showering space is where you can be uniquely you.

Your showering spaces. Designed for life. Guaranteed for life.

Green glass or clear? Your choice

You might not mind but everything you see through standard shower glass becomes tinged with green. That may surprise and irritate you if you've not checked, or you've just chosen a new colour scheme or white tiles. Your showering space is mostly glass, so look at the edges of the glass to see how green it is. But thanks to clever technology PureVue^{HD} low-iron glass is crystal clear and far more transparent than standard glass.

Standard glass has high levels of iron oxide, which reduces the amount of light that can travel through it and gives it its greenish tinge. The thicker the standard glass, the more noticeable the greening effect.

By reducing the levels of iron oxide the green hue is almost completely removed, so you can see your bathroom and showering spaces in high definition true-colour.

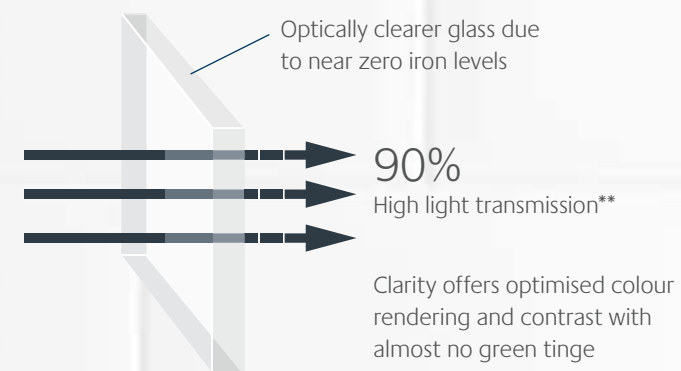

Low-iron glass can cost up to 50% more than standard glass, but PureVue^{HD} low-iron glass is included as standard across all our Collections* for a better showering experience.

Clean get away

AllClear® stay-clean glass

Your time should be yours to enjoy.

Showering should be a time to relax and refresh yourself. Who wants to think about having to clean and scrub the glass sometime later? With AllClear® you don't have to!

Our advanced AllClear® stay-clean coating technology repels water, limescale, and soap scum so your shower glass virtually cleans itself. The water sheets off the glass, washing away dirt and residue as you shower. A quick wipe is all that's needed!

It's more hygienic and cleaner and looks a lot nicer without smeared glass and limescale!

Uniquely, this time-saving stay-clean coating is standard on both sides of the glass**, on all Lakes products, at no extra cost. Some manufacturers charge over £100 extra as an option for a less effective coating. AllClear is guaranteed to outperform untreated glass for 3 years.

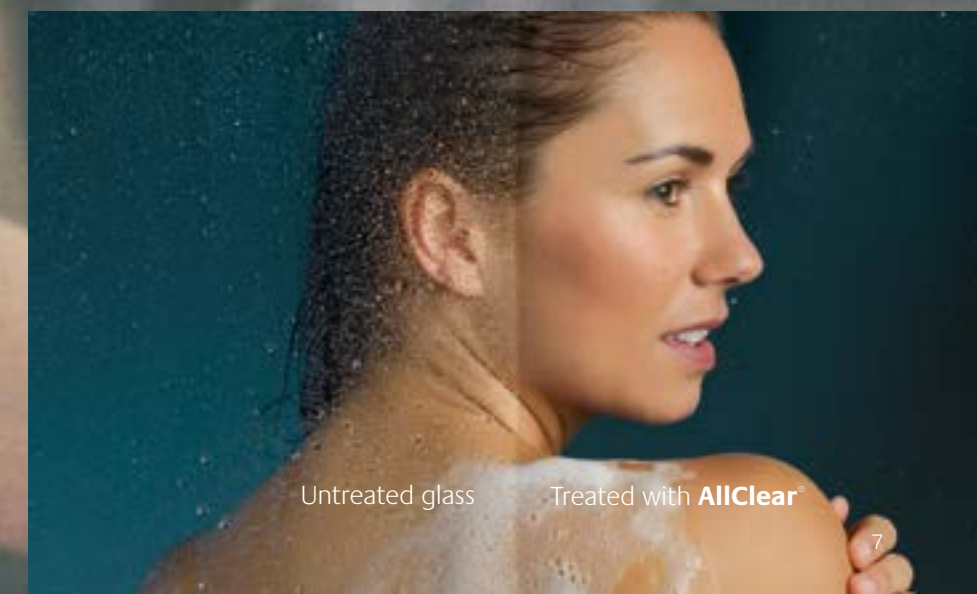

*Extensive tests by the Institute for Glass Science and Engineering, New York, proves that AllClear outperforms other coatings in the market.

**On the inside of the glass only for MIRROR™

Kind to the environment too

With less dirt and bacteria build-up, there is less need for harsh chemical cleaners, which is kinder to the environment and your pocket. Enjoy your shower, then step out and get on with your life.

Island Collection

Beautiful showering spaces, the last word in quality and luxury. Transform your home with sophisticated, contemporary showering spaces.

These sleek frameless designs blend seamlessly into the surroundings for the ultimate showering experience.

see pages 14-25

Coastline Collection

Great style, robust quality, and design flexibility, the Coastline Collection gives you maximum choice. With flexibility in the size and arrangement of your showering space, you will find the perfect fit no matter how big or small your bathroom.

see pages 26-61

Classic Collection

Regardless of the size or shape of your bathroom, or the constraints of your property or pocket, your showering space should have class and style. The fully-framed and semi-framed Classic Collection has a wide choice of styles - whether you want simple clean lines, smooth graceful curves or stylish prominent framing.

Clever space-saving designs are available in striking anodized silver, or a clean white finish. And all design elements such as handles, hinges, and seals have been carefully considered to operate day in, day out.

MIRЯOR™

Reflecting light and

Space

Light, space and a serious ‘wow’ factor

Traditional or period homes are often roomy but short of natural light. Modern homes are designed for natural light, but they’ve been getting smaller and are often tight for space.

Interior designers use large mirrors to reflect natural light into every dim corner of a room, and make a small room feel much larger. The effect can be stunning. That’s why large mirrors feature frequently in lifestyle magazines showing stunning images of homes that have been transformed.

We’re not all professional interior designers, but good layout and the smart use of full length mirrors can make any showering space feel light and roomy. They also add a ‘wow’ factor, turning ordinary spaces into something special.

A mirror fulfills a practical purpose too. It’s an essential part of your daily routine. It’s where you clean your teeth, check your outfit, and style your hair. But not everyone has the space for full length mirrors in the bedroom or on the landing.

Incorporating a full-length mirror-glass panel in your showering space is a real-world, practical option. It maximises usable space because it doesn’t require a wall and it doesn’t need messy fixings that risk breaking your tiles.

The seamless finish of our MIRЯOR™ coating sits perfectly with the clean lines of our showering spaces, providing you with endless design possibilities. A light-reflecting side panel, a moveable pivot door, an unobtrusive sliding door, or even a striking curved bath screen.

Turn up the wow factor of your showering spaces with one or more full-length mirrors!

Specifications, Shower Trays and Accessories

The same high standards we employ in the manufacture of our showering spaces and bath screens are reflected in our shower trays and accessories.

Every part
has a role
to play

Everything's meticulously planned, down to the tiniest detail. All working together, to seamlessly deliver a quality result time after time, after time.

Specifications

Quality is all about detail and whichever solution you choose you'll find real attention has been paid to every aspect of design, function and finish.

Please note: All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

Frames

Our elegant aluminium frames are available in two distinctive finishes. Choose from anodized polished silver or a clean white powder coated finish. All our Collections, including doors and screen heights are measured from the top of the tray or bath.

Choose from Polished Silver Anodized or White Powder Coated finish

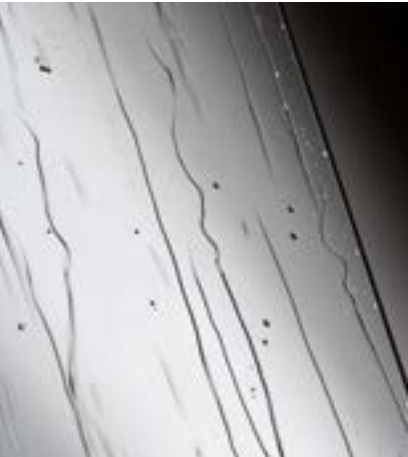

Concealed fixings: Coastline Collection: all products except Alassio. Classic Semi-Framed: Walk In (including side and end panels), and Shower Screen. Bath screens: SS100/105

Semi-Framed Cover Caps

Safety Glass

In cheaper ranges it's often the quality of the glass which suffers. Our products are sculpted from toughened glass, approved to BSI EN12150-1 in a range of thicknesses (see product pages).

Doors and Seals

All our doors are fitted with an easy glide mechanism. All sliding doors in the Coastline and Classic Semi-Framed ranges feature roller bearings and clips, which are adjustable to allow for fine tuning of door alignment and clip out to allow for easy cleaning.

Magnetic seals feature across the Island & Classic Collections as well as the Valmiera and Malmo models in the Coastline Collection Semi-Framed Range, whilst the remainder of this range utilises a discreet cushion-fit seal.

Additional Strength

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Walk In and Shower Screens.

Double Panel Bath Screen Bracing Arm

Adaptability

For the perfect finish all our Collections have an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown in the dimensions chart on each page.

Adjustable Wall Profiles

PureVue^{HD} Glass Imagery

Imagery has been retouched to accurately portray the colour difference between 10mm PureVue^{HD} glass and standard float glass under daylight conditions.

Versatility

To match your room design the majority of our range, including doors and bath screens are designed for left or right hand fitting. However, please consult Lakes before ordering to ensure compatibility with site conditions.

Shower Trays

Our trays are available in traditional stone resin and contemporary lightweight designs.

All have a high quality surface finish and are available in a choice of styles to suit your available space. Lightweight trays (max 30kg for the largest size) have a 45mm low profile. Stone resin trays are available in a 45mm low profile or in standard 80mm height.

from £120.00 Inc. VAT

Please note: There is an additional £10 delivery charge when ordering a single tray without an enclosure.

Tray Ranges

IMPORTANT: Waste positions vary depending on tray shape and type i.e. Lightweight or Stone Resin. For a full technical data sheet, visit www.lakesbathrooms.co.uk/traydatasheet.

Standard Tray Shapes

Trays can be supplied to fit all models. Quadrants are designed to fit a 550mm tray radius. All Walk-Ins may be fitted to a wide range of tray sizes; please contact Lakes for advice. Certain trays may vary slightly from those shown.
