

# Specifications

Quality is all about detail and whichever solution you choose you'll find real attention has been paid to every aspect of design, function and finish.

**Please note:** All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

## Frames

Our elegant aluminium frames are available in two distinctive finishes. Choose from anodized polished silver or a clean white powder coated finish. All our Collections, including doors and screen heights are measured from the top of the tray or bath.

Choose from Polished Silver Anodized or White Powder Coated finish

Concealed fixings: Coastline Collection: all products except Alassio. Classic Semi-Framed: Walk In (including side and end panels), and Shower Screen. Bath screens: SS100/105

Semi-Framed Cover Caps

## Safety Glass

In cheaper ranges it's often the quality of the glass which suffers. Our products are sculpted from toughened glass, approved to BSI EN12150-1 in a range of thicknesses (see product pages).

Toughened Safety Glass

Bright Chrome Plate Stainless Steel Bow Handles (Classic Collection)

Alternative Bright Chrome Plate Stainless Steel Loop Handles (Classic Semi-Framed Collection)

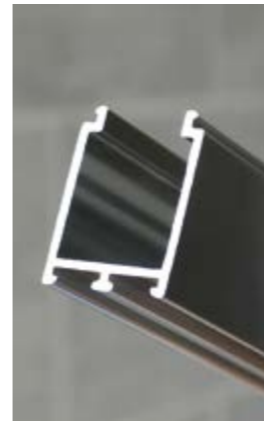

Die-cast Loop Handles (Coastline Collection)

## Flexibility

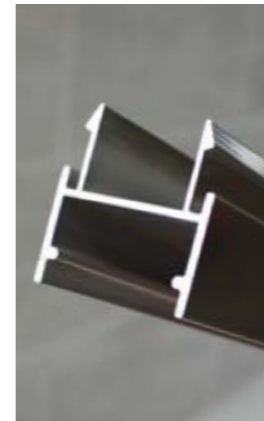

Many of our products can be made available in special heights and widths. Please contact Lakes for more details.

## Extension Profiles

Our high quality extension profiles can be used to bridge gaps in non-standard sized openings (detailed on relevant product pages).

LK8LEPS – Aluminium Extension Profile for the Coastline Frameless and Island Ranges

8HLEPS – Aluminium Extension Profile for the Coastline Semi-Framed Range

LEP (S or W) – Aluminium Extension Profile for the Classic Ranges

## Optional Ceiling Bracing Kits

W10-040: Available for Coastline Collection Cannes (p.31) and Marseilles (p.35). LKSS-C150: Available for Classic Collection Walk-In (p.93) and Shower Screen (p.95).

Ceiling Bracing Kit W10-040

## Doors and Seals

All our doors are fitted with an easy glide mechanism. All sliding doors in the Coastline and Classic Semi-Framed ranges feature roller bearings and clips, which are adjustable to allow for fine tuning of door alignment and clip out to allow for easy cleaning.

Magnetic seals feature across the Island & Classic Collections as well as the Valmiera and Malmo models in the Coastline Collection Semi-Framed Range, whilst the remainder of this range utilises a discreet cushion-fit seal.

Classic Collection Roller Bearings and Clips

## Additional Strength

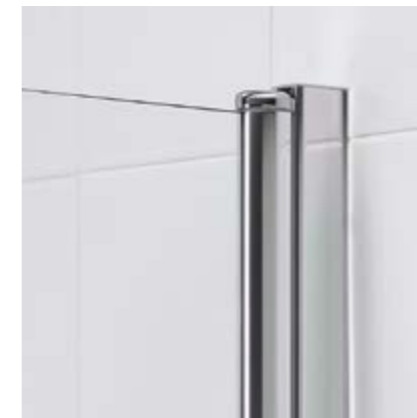

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Walk In and Shower Screens.

Double Panel Bath Screen Bracing Arm

## Adaptability

For the perfect finish all our Collections have an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown in the dimensions chart on each page.

Adjustable Wall Profiles

## PureVue<sup>HD</sup> Glass Imagery

Imagery has been retouched to accurately portray the colour difference between 10mm PureVue<sup>HD</sup> glass and standard float glass under daylight conditions.

## Versatility

To match your room design the majority of our range, including doors and bath screens are designed for left or right hand fitting. However, please consult Lakes before ordering to ensure compatibility with site conditions.
