

LAKES
SHOWERING SPACES

Designed for Life

Designed for Life

We aim to create great showering experiences.

In today's hectic world, our daily shower is one of the few times we get to truly unwind. Those precious minutes give us a chance to breathe, think, relax and recharge our batteries.

From the clarity of glass to the quiet glide of doors, and reassuring feel of the tray underfoot, our team considers every element of the showering space and how it suits the people using it.

So, whatever your scale and budget our intelligent design solutions make showering anything but routine.

Bev Brown

Bev Brown
Managing Director

LAKES

It's all in the detail

What does quality mean to you?

Our senses of sight, sound and touch combine – often unconsciously – to define quality, and it's often the 'invisible' details that make all the difference.

We've examined every component of the showering space and how each adds to this feeling of quality.

Softly-closing doors; refined hardware; handles that feel secure and comfortable in the hand; beautiful, crystal clear glass; specially treated glass that doesn't scratch; trays that feel solid and don't wobble; elegant designs and solutions for multi-generational living – they may not sound revolutionary, but together they add up to a reaction that's more 'ooh' than 'ok'.

We've even considered things you don't notice immediately but make a huge difference when it comes to cleaning and maintenance such as quick-release doors and unique interlocking caps.

Lakes' quality extends beyond the craftsmanship. Our service is simply the best in the business and our precision engineering gives us the confidence to offer a no-quibble lifetime transferable guarantee.

Attention to detail counts - because we want you to simply get on with enjoying your showering space.

Lakes glass

Glass you see straight through.

Showering spaces tend to be mostly glass, but it's the last thing you notice because the eye is drawn to the shiny fixtures and fittings. In fact, the better the glass, the less you notice it. Lakes Glass has been developed to ensure a crystal clear, smear-free shower that doesn't detract from your beautiful bathroom.

Glass to give your bathroom a clear edge.

You may not have noticed it before, but the iron-oxide content of normal glass gives it a green tinge. It's most evident when you look at the edge of the glass – and the thicker the glass, the greener it gets – but it also tints everything seen through it.

So we introduced PureVue^{HD} with reduced iron for dramatically clearer glass. From your carefully chosen bathroom tiling and décor to fittings and accessories, you will see a purer all round vision of your bathroom.

Glass that stays sparkling and clear.

Your shower is a place to unwind and relax – and that shouldn't be spoiled by glass that's scratched or tarnished with hard-to-clean limescale or soap scum. Lakes Glass comes with AllClear[®] - a special treatment on both sides of the glass that ensures water, limescale and soap scum slide off the glass rather than sticking to it, keeping it clear and unblemished.

Glass with added value built in.

Some manufacturers will try to tell you thicker glass is better or 'premium' – but don't be fooled. Thicker does not always mean better. For some applications thicker glass is required to make the design safe, but in most cases thicker glass is a cost without benefit.

Quality glass is defined by how it performs, how it adds shine and clarity to your bathroom, and how it reduces the effort of cleaning.

Lakes Glass gives a quality, superior showering experience.

Lakes Glass...for a superior showering experience

Lakes glass

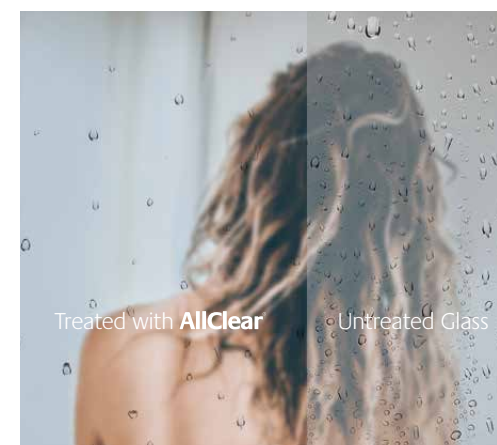

PureVue^{HD}

Experience the true colours of your showering space with PureVue^{HD} crystal clear, low iron glass.

PureVue^{HD} low iron glass reduces the green hue in normal glass to near-zero, so glass is clearer, lighter and brighter.

PureVue^{HD} is included in our Island and Coastline Collections, and selected Walk-Ins at no extra cost.

Normal glass
has a green tinge

Watch our video here:

www.lakeshoweringspaces.com/allclear-glass-coating

Less scrubbing, more 'me' time.

The shower is often one of the most in-demand utilities in a busy household, which can make it hard to keep clean and looking good.

That's why we introduced AllClear[®] advanced glass coating, available on both sides of the glass as standard and at no extra cost.

A simple wipe clean with a damp cloth of the specially-treated glass keeps it looking like new, so your relaxing shower isn't spoiled by smears and smudges or having to squeegee when you step out.

Lakes Glass with AllClear[®] is also 10 times more scratch and impact resistant than normal glass, so it can handle whatever life throws at it.

The science behind clear glass.

AllClear's innovative coating fills microscopic gaps in the naturally pitted surface of the glass to ensure water, limescale and soap scum simply slide off. So it's less scrubbing for you and it removes the need for harsh chemical cleaners that can harm the environment.

Made by Lakes. Built for life.

Showers are busy, important places. They invigorate, wash, relax and provide sanctuary – they are crucial to the day-to-day running of many households. So when it comes to buying or replacing a showering space, it helps to know the products are backed by reliable quality assurance.

Lakes' no-quibble Lifetime Guarantee is transferable, so even if you move house, the new owner will still be covered. If you have a problem with any part of your showering space, we will sort it. And our efficient service means any parts will probably arrive the next day. Another reason why we're recommended by homeowners, stockists and installers across the UK.

Island COLLECTION

Minimalist design and a sleek modern finish have an instant calming effect, with nothing to distract you from your relaxing shower. Pages 16-23.

Walk-In COLLECTION

Step into quality with our wide range of Walk-In showering spaces. A perfect balance of style and practicality, it's easy to see why they're so popular. Pages 24-39.

Coastline COLLECTION

Let your shower take centre stage, or add a touch of understated elegance to a smaller space – the possibilities are endless with Coastline. Pages 40-49.

BAY SERIES

Precision engineered to ensure every detail screams effortless style and sophistication. Pages 50-57.

Discover how we're changing
the showering space landscape.

Lakes Stone PREMIUM SHOWER TRAYS

Treat your feet with our tactile stone resin shower trays. The low profile and sleek designs look stunning in any bathroom. Pages 100-102.

Bath Screens

Banish that unsightly, unhygienic shower curtain with a modern glass screen to add a touch of elegance. Pages 86-97.

Classic COLLECTION

Invigorate your senses with good looks, a quality finish, in any configuration you can imagine. Pages 58-85.

Lakes Additions

Sometimes small additions to your showering space can make all the difference, without compromising on quality or looks. Pages 104-105.

Kinder to the environment

We're all responsible for saving the planet – so Lakes has taken steps to be certified Carbon Neutral.

The threat posed by climate change is a daily reminder that we need to change how we operate as businesses and consumers. Naturally, we recycle all our product waste, as well as our site and office waste, but we've gone further and made all our product packaging 100% recyclable.

This step alone will remove 2,000 kilometres of plastic banding and two million pieces of polystyrene a year from landfill. And it has the added bonus of making our product packaging safer and easier to handle.

We have also worked with Carbon Footprint Ltd to offset the carbon emissions produced in the day-to-day running of our business by investing in environmental projects. As a result of this work, Lakes was awarded the Carbon Footprint Standard.

“ I write to compliment you on the excellent service provided by your Customer Services Team...They responded promptly to my call and I was further pleased that you stocked the replacement part. ”
John Harrison, Lowestoft

You're in good company

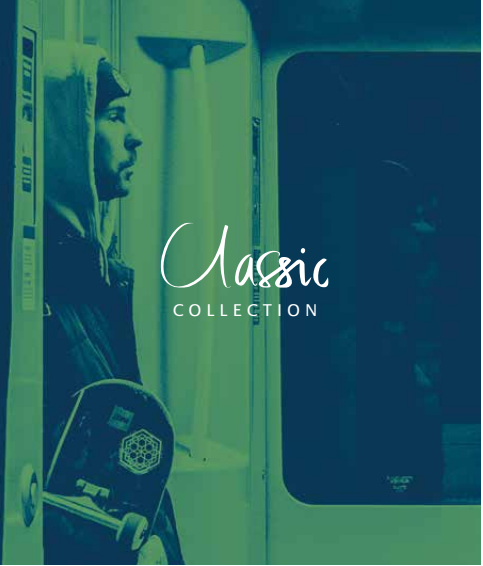

“ On Friday I made an enquiry about purchasing a replacement set of shower door seals as the original ones had now become discoloured. On Tuesday I received a full replacement set at no charge...this must be one of the best acts of customer service I have ever experienced. ”
Cyril G Morgan, West Midlands

“ In my opinion your customer service is second to none - it's a real pleasure to deal with a company that delivers on its promises and goes the extra mile for its customers. ”
Andrew Wintle

“ We had selected your products anyway as our first choice for our bath and walk-in shower conversion, and now your commitment to customer service has reinforced our view that yours is a company we will wholeheartedly recommend given the opportunity. ”
Bob and Jill Shearing, Dartford

Shower Trays
and Accessories
COLLECTION

It's the detail we go to, that makes our showering spaces special for everyone.
From luxurious, tactile trays to beautifully crafted, sleek handles and seats.
Every component is built to last.

“Every block of stone has a statue inside it, and it is the task of the sculptor to discover it.”

The words of Michelangelo truly express the exciting potential of stone, and now you can too with our beautifully crafted range of premium stone resin shower trays.

Lakes Stone will create drama in any showering space. Soft to touch, the contemporary suite is available in a choice of four sizes and three colours to suit rectangular showering spaces across Lakes’ Island, Walk-In, Coastline and Classic Collections.

Backed by a 10 year guarantee, this exciting range is guaranteed to turn heads.

Lakes Stone | Premium shower trays

Rectangular, stone resin trays with a matt finish and a unique through-colour. The 30mm anti-slip and anti-bacterial trays are easy to fit and can be inset into the floor.

For size specifications and prices go to page 157.

Anthracite

Cotswold Grey

White

Suitable for today's lifestyles, the beautiful tactile nature of Lakes Stone will enhance all showering spaces to create a luxurious, high-end feel.

Lakes Carradale Hinged Door from the Bay Series with Lakes Stone Anthracite Shower Tray.

Traditional & Contemporary Tray Ranges

Our tray ranges include traditional stone resin and contemporary lightweight designs with a high quality surface finish. All trays come with a 10 year guarantee and are available in a choice of styles to suit your space.

Our traditional stone resin trays are available in a 45mm low profile or in standard 80mm height. Lakes' contemporary lightweight trays (max 30kg for the largest trays) have a 45mm low profile.

For size specifications and prices go to page 158-161.

Square

Quadrant/Offset Quadrant

Rectangular

Pentagon

Standard Tray Shapes

Trays can be supplied to fit all models. Quadrants are designed to fit a 550mm tray radius.

All Walk-Ins may be fitted to a wide range of tray sizes – please contact Lakes for advice. Certain trays may vary slightly from those shown.

Drying area tray

We also offer a special rectangular tray with an integrated drying area, which is available in a number of sizes. For size specifications go to page 160.

Acrylic Capped Resin (ABS) Tray with square raised drying area

Easy-Plumb Kits

All our Easy-Plumb Kits are supplied complete with legs & panels.

Versatile Seal Strip £40.80 Inc. VAT
(Product code: T-SEALING-STRIP)

(Product code: T-FLEXI-PIPE)

80mm Stone Resin Tray and Easy-Plumb Kit

Acrylic Capped Resin (ABS) Tray and Easy-Plumb Kit with Velcro side panels.

90mm Waste. Suitable for all low profile trays.

IMPORTANT: Waste positions vary depending on tray shape and type ie Stone Resin or Lightweight. For a full technical data sheet, visit www.lakeshoweringspaces.com/trade/product-information.

Lakes Additions

10 YEAR
ON ALL OUR ADDITIONS

At different points in life we may need additional support when showering to ensure we can enjoy our bathroom space in safety and comfort.

Lakes Additions is a growing range of additional options for your showering space to suit your life and style.

Whether it's adding a grab rail or a foldaway seat, our products are discreet and stylish so you can enjoy an invigorating shower without compromising on looks or design.

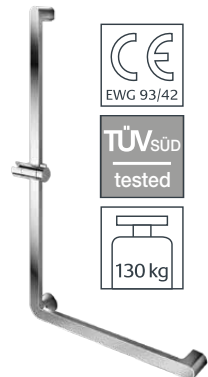

For size specifications and prices go to page 162.

ALL LOW PROFILE TRAYS	T-WASTE	90mm waste	All Low Profile Trays 90mm waste	£27.00	£32.40

Tray Heights

Tray Profile: 45mm approx.

Tray Size Tolerance

Contemporary lightweight trays are manufactured with a standard tolerance (+3 to +9mm) to ensure they always slightly exceed nominal sizes, e.g. 700mm will measure 703 to 709mm at the top surface, 707 to 713mm at base.

Wastes

All trays are supplied complete with chrome waste to suit. Waste position is dependent on the type of tray selected. Complies with EN274-1. Please contact Lakes for advice.

10 Year Guarantee

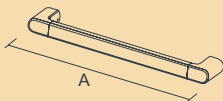

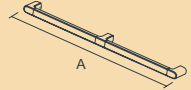

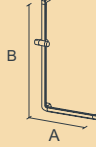

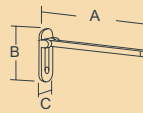

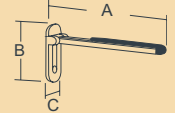

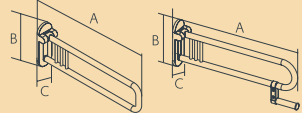

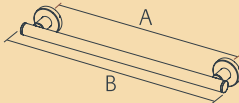

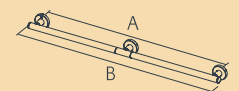

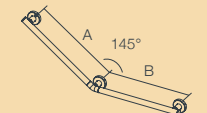

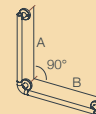

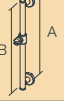

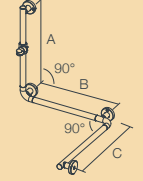

All our trays are engineered and manufactured to exacting standards and carry a 10 year guarantee against manufacturing defects.

Lakes Additions

A growing range of additional options for your showering space to suit your life and style.

In the detail

Quality is all about detail and whichever solution you choose you'll find real attention has been paid to every aspect of design, function and finish.

Please note: All measurements are approximate and subject to change without prior notification. All product images are for illustration only and subject to change without prior notification.

Frames

Our elegant aluminium frames are available in two distinctive finishes. Choose from anodized polished silver or a clean white powder coated finish where available.

All our Collections, including doors and screen heights are measured from the top of the tray or bath.

Choose from Polished Silver Anodized or White Powder Coated finish where available

Concealed fixings: Included on Island, Walk-In and Coastline Collections - all products except Alassio. Also included on SS100, SS105 and SS130 bath screens.

Safety Glass

All our products are sculpted from toughened glass, approved to BSI EN12150-1 in a range of thicknesses (see product pages).

Toughened Safety Glass

Handles

Smart and practical loop type handles in matching Chrome Plate / White Powder Coat are fitted to all Classic semi-framed products. Our new Lakes' branded handle is available for Bay products only (p.51-57).

Stainless Steel with Bright Chrome Plate, bow handles (Classic Collection)

Stainless Steel with Bright Chrome Plate, handle for Island Collection only.

Die-cast Loop Handles (Coastline Collection)

Alternative Stainless Steel Loop Handles with Bright Chrome Plate (Classic Collection)

Stainless Steel with Bright Chrome Plate, branded handle for Bay Series only.

See pages: 134-137, 139-140, 146-147 & 142-144

Reversibility

To match your room design the majority of our products, including doors and bath screens are designed for universal fitting. However, please consult Lakes before ordering to ensure compatibility with site conditions.

Flexibility

Many of our Classic products can be made available in special heights and widths. Please contact Lakes for more details.

Bearings

All our sliding door wheels are fitted with robust stainless steel bearings. The top bearings are adjustable to allow for fine tuning of door alignment. The bottom roller bearings feature 'Quick Release' buttons, spring loaded for easy cleaning.

Coastline Collection top wheel (excluding Bay Series).

Adjustability

For the perfect finish, all our Collections have an adjustment for out of true walls built into each wall profile. The full range of tolerance is shown on each specification page.

Adjustable Wall Profiles

Additional Strength

Bracing arms provide additional support, strength and safety for all double panel bath screens and our elegant Walk-In and Shower Screens.

Double Panel Bath Screen Bracing Arm

Optional Ceiling Bracing Kits

W10-040: Available for Walk-In Collection Cannes (p.39) and Marseilles (p.32).

LKSS-C150: Available for Classic Walk-In (P.31) and Classic Shower Screen (p.36).

Ceiling Bracing Kit LKSS-C150

Ceiling Bracing Kit W10-040

Extension Profiles

Our high quality extension profiles can be used to bridge gaps in non-standard sized openings (detailed on relevant product pages).

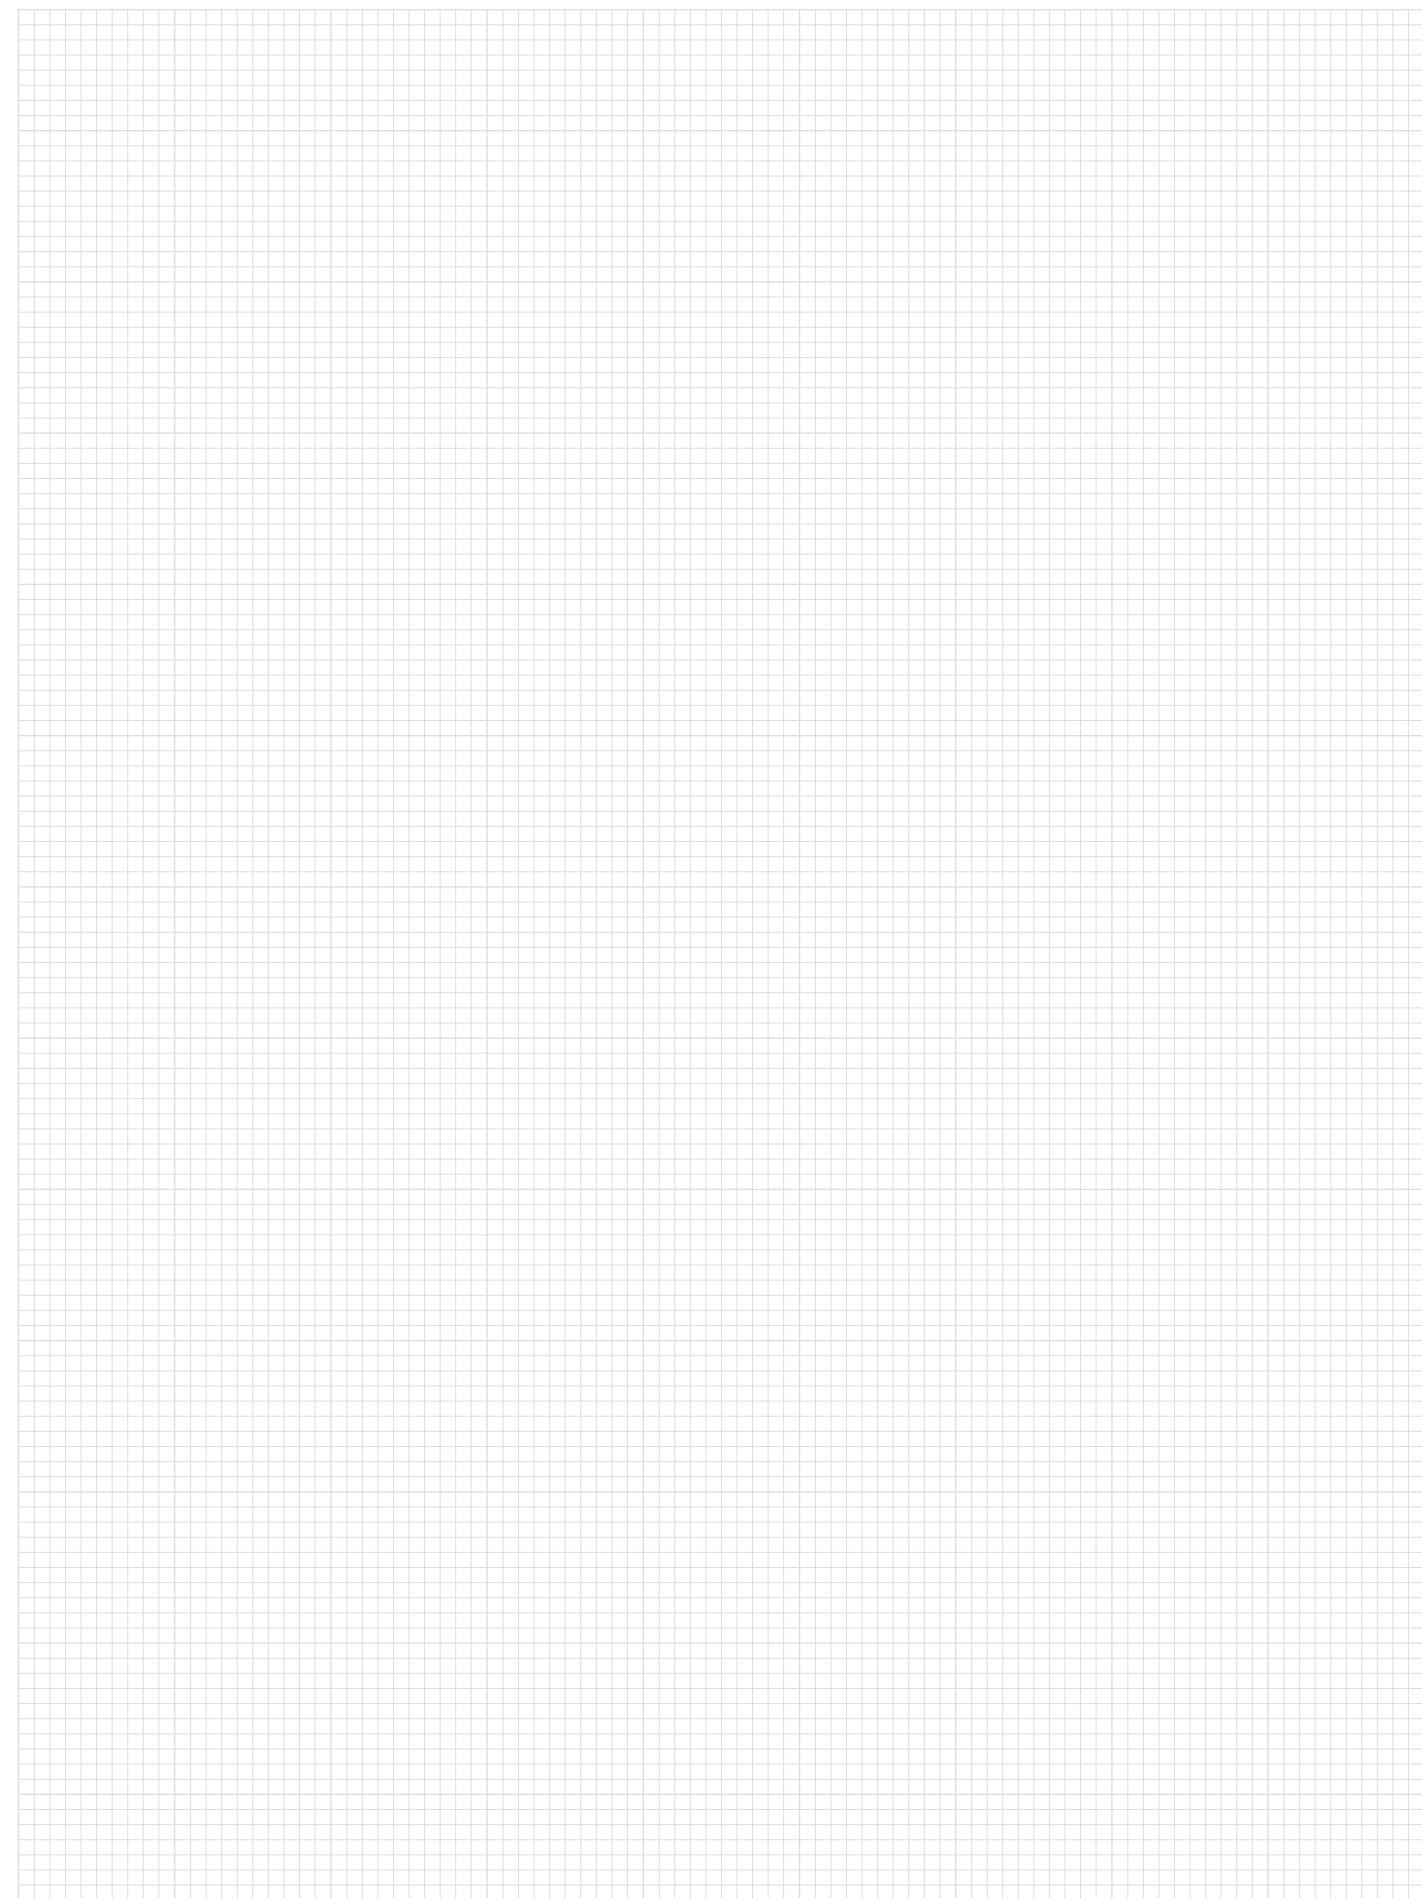

LK8LEPS - Aluminium Extension Profile for the Walk-In Collection (excluding Alassio) and Island Collection.

8HLEPS - Aluminium Extension Profile for the Coastline Collection (excluding Bay Series)

LEP (S or W) - Aluminium Extension Profile for the Classic Ranges

BAYLEPS - Aluminium Extension Profile for the Bay Series
