LAKES LIFE EASIER

Lakes Showering Spaces is one of the UK's longest-established showering brands with a strong history and pedigree, having been founded almost 40 years ago.

In that time Lakes has built up an award-winning reputation based on trust, quality and first class customer service levels.

From the clarity of the glass to the quiet glide of the doors and the smooth sensation of the tray underneath, at Lakes we consider every aspect of the showering space to ensure it suits the needs of the people using it. So, whatever you need, whatever your style, scale, or budget, our intelligent designs mean there's a solution for you.

And Lakes' quality extends beyond ergonomics and craftsmanship. Our service is simply the best in the business.

By using high-quality materials and advanced manufacturing techniques, Lakes' Linear shower trays carry a 10-year guarantee against manufacturing or material defects.

CARBON NEUTRAL PLUS & SUSTAINABILITY

Lakes has taken steps to be certified as Carbon Neutral by changing how we operate as a business.

We continue to work with Carbon Footprint Ltd to offset the carbon emissions produced in the day-to-day running of our business by investing and supporting environmental projects across the world.

For this to work, Lakes is proud to have been awarded the Carbon Footprint Standard and recognised as a Carbon Neutral Plus organisation.

Olivia Smith

«Outstanding quality and design from Lakes!»

Michael Johnson

«Received excellent service and the products are of superior quality.»

George Allen

«Products have unmatched quality; the materials are top-notch!»

Tom Sanders

★ **Trustpilot** Excellent

LINEAR TRAY INFORMATION

Fresh, uncomplicated looks, specifically designed and manufactured to be the perfect partner for our Modular Walk-in shower collection.

Lakes' linear style trays are precisely engineered to the most exacting quality and industry required standards, allowing uncomplicated traditional shower tray installation.

OPTIMAL DRAINAGE FOR MODERN BATHROOMS

Choose fitting direct on the floor, or for a seamless, barrier-free access and contemporary wet room look level to the floor.

The smart end drain design ensures shower water drains freely in one direction without the risk of pooling, great for larger/multiple overhead shower heads.

FURTHER INFORMATION

Here is some additional information that will be helpful to understand about our Linear trays before making a purchase and for cleaning and maintaining your tray.

☑ The long side tray edge measures 30mm maximum. Please check shower door dimensions prior to purchase

✍ Please check the tray dimensions before installation, and that the intended floor surface is flat and level.

💧 Higher/pumped water pressure including power showers and deluge shower heads can result in water flow that exceeds the wastes capacity. Please check with your installer.

🔄 Water temperature should not exceed 75°C.

🔧 Shower doors and trays from Lakes should be installed by an appropriately qualified installer or plumber.

⚠ For enhanced water protection, we suggest using our versatile sealing strip.

For further details, [please click here!](#)

CLEANING/MAINTENANCE

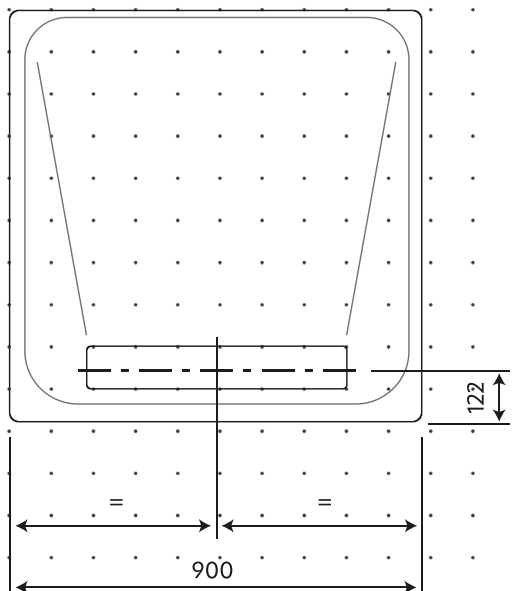

To maintain the quality of your tray, please follow the advice below:

- Make sure to thoroughly dry the tray after each use to prevent the accumulation of limescale and soap residue
- Regularly clean the tray with a damp cloth or non-abrasive sponge, followed by a soft dry cloth
- From time to time, utilise a gentle non-abrasive cleaner to eliminate tough stains
- Do Not use any abrasive sponges, cloths or cleaning products that contain bleach

GUARANTEE

Through the utilisation of top-quality materials and cutting-edge manufacturing methods, Lakes' Linear shower trays are backed by a 10-year warranty against any manufacturing or material flaws. Lakes' will assess and may repair, replace, or refund the purchase price if the product malfunctions due to a manufacturing defect. Please note that consequential loss is not included in the coverage.
