FEATURE ICONS KEY

 AllClear	 Lifetime guarantee	 8mm toughened safety glass	 1950mm height	 2000mm height	 Special height doors option available
 Fully reversible	 Quick release rollers	 Wet room or tray option	 Extension profile available	 Optional ceiling bracing kit	 Door adjustment
 Ambient lighting	 Easy-fit	 Unique interlocking caps	 Concealed fixings covers	 PureVue ^{HD}	

WHAT OUR CUSTOMERS SAY

"Keep doing what you always have done. Nobody can ask any more of a supplier. Thanks for 14 years of great service".
Deb & Ralph Crook, RJC

"You deserve recognition and praise for the service I received from you today. You answered the phone very promptly and managed to quickly find the shower door for which I needed a spare part. The two gentlemen I spoke to on separate calls could not have been more pleasant and helpful. If only more companies could behave in a similar fashion".
N Kelly

"Superb quality, excellent after sales and great prices. Thank you".
Diane Roberts

"What a pleasure to be able to call a company and get through straight away. I purchased an ex-demo shower enclosure from a local shop. Unfortunately, lots of seals were missing and so were the instructions. After five extremely helpful minutes on the phone, I knew what I needed to do and the parts were sent in the post to me, free of charge. Thank you".
Gary Wilton

"The Lakes warranty is outstanding as is their customer service".
Victoria Klyve

"I have found AllClear® brilliant. I live in an area where the water is particularly hard and AllClear® keeps my shower screen sparkling clean. The water seems to bounce off the glass, leaving no need for constant cleaning. I would definitely recommend this product".
Fiona Clissold, Trustpilot

"The service has been second to none, going that extra mile to find a resolution and help with a replacement part for my shower. I would recommend Lakes to anyone, especially with your excellent after sales service. Thank you".
John S Innes

"My experience of aftercare/customer service could only be described as 5-star. Having purchased shower doors and having managed to damage a part during fitting, I turned to Lakes hoping that a replacement was available and seeking to purchase the part needed. The response was instant. The email simply said part on its way and it was free. Nearly fell off my seat. Arrived 2 days later. Made my day to be honest".
Kelly Wilson, N. Ireland

"Lakes spares department was outstanding. Craig was especially helpful and the quality of the shower enclosure must be the best on the market".
David Starkey

LAKE'S GLASS FOR A SUPERIOR SHOWERING EXPERIENCE

Quality is defined by how showering spaces perform. How they stay looking great. How they add sparkle and clarity. How they save time, energy and effort of cleaning. The shower is often one of the most in-demand spaces in a busy household, which can make it hard to keep clean and looking good.

Lakes Glass has been developed to ensure a crystal clear, smear-free showering space that doesn't detract from your beautiful bathroom. Our glass includes AllClear®, a high-tech nano-bonded coating that fills the gaps in the naturally pitted surface of the glass. The treatment, which is applied to both sides of the glass, means that water, limescale and soap scum slide off the glass rather than sticking to it. It stays clear and clean and comes as standard on our Wave collection at no extra cost.

A simple wipe clean with a damp cloth of the specially treated glass keeps it looking like new, which means less scrubbing and no need for harsh chemical cleaners that can harm the environment.

Lakes Glass with AllClear® is 10 times more scratch and impact resistant than standard glass, so it can handle whatever life throws at it.

HINGED DOOR AND INLINE PANEL

Attention to detail is important. The precision engineered Wave Collection strikes a perfect balance between function and stylish design. The hinged door with inline panel is no exception and is the latest addition to the range - the ideal choice for wider enclosure spaces.

HORIZON WALK-IN

//HORIZON HINGED BYPASS PANEL

The simplicity and clean lines of the Horizon Walk-in gives an uninterrupted view of your bathroom. The striking matt black profiles with complementary horizon-style stripes on the glass make a bold and contemporary statement in any bathroom. The Horizon Walk-in is also available with an optional hinged side panel which protects your bathroom from splashes while providing easy walk-in access. The hinged panel also features horizon style black stripes.

MODULAR WALK-IN FOR YOUR SHOWERING SPACE

//RECESS/ALCOVE

//CORNER

//FLAT WALL

Our modular walk-in systems can either be installed onto a shower tray or flush fit directly to a tiled wet room floor, providing great accessibility for the specific needs of individuals of all ages and challenges.

Lakes modular wet rooms are one of very few ranges that are compatible with almost any bathroom layout, size and user needs, combining safety, style and versatility in bathroom design and creating that spa look and feel. Suitable for recess, corner and flat-wall installations and where space in the bathroom is limited.

RECESS/ALCOVE

Ideal for smaller bathrooms, ensuite, guest rooms or loft conversions, but more often installed in the space where a bath is being removed and replaced with a shower.

Using one main fixed front panel on a floor substrate allows homeowners the flexibility to design a personalised and contemporary showering space and choose from one of six colour finishes. For added luxury [and keep the water within the showering area], add a fixed or hinged deflector panel.

CORNER

A corner space is often the most common area available and can offer more options in terms of form and function.

With more floor space often available, two panels [main/front with a return/side or return panel] can be used. This allows the walk-in layout to work more like a standard corner shower enclosure.

The side panel is a practical solution to simply preventing water splashing outside the showering area. Corner walk-in set-ups offer as much splash protection as a normal moving shower door. What's more, the 90° glass-to-glass join feature can be made to look minimal using a corner bracket and clear sealant or using a more traditional full height corner post.

FLAT WALL (3 -SIDED)

Not always reserved for larger bathrooms, but again it could be a space created as a result of a bath being replaced with a showering area. Unlike standard moving doors, creating a 3-sided enclosure with a modular walk-in set up is much easier than trying to design and install a customary enclosure with a sliding, bifold or hinged door. It's also much more cost effective.

Alternatively, a flat wall walk-in shower can also be configured as a 'walk-through' shower with double entry points, featuring a single fixed glass panel.

In summary, there's a Lakes walk-in shower set up to suit any size or shape of bathroom, and any budget .

COLOUR FINISHES

To provide the ultimate in bathroom personalisation Lakes has carefully developed a collection of beautiful colour finishes for all metallic parts to suit individual tastes and complement any bathroom design scheme, providing the perfect accompaniment to today's showering and brassware fittings.

Choose from (left to right) Brushed Brass, Silver, Brushed Bronze, Gun Metal, Matt Black and Brushed Nickel.

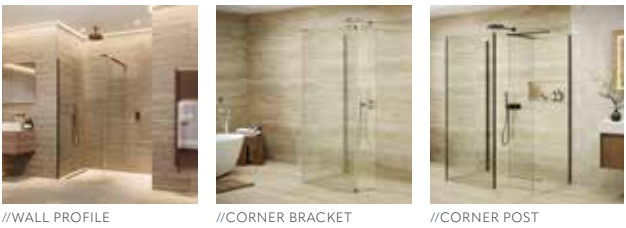

BRACING BAR SOLUTIONS

Whether your bathroom demands 1, 2 or 3 walk-in screens and a deflector panel, our elegant bracing bars will provide the perfect blend of form and function. Each option is superbly engineered for durability and strength with screw points discreetly concealed from view, on the wall or ceiling.

PROFILE, CORNER AND SEAL SOLUTIONS

Our wall and corner profile solutions offer maximum versatility and stability and feature concealed fixings plus plenty of adjustability for those out of square walls.

DEFLECTOR SOLUTIONS

To enrich your walk-in shower design and provide water overspray protection, choose from one of our sumptuous deflector panels options. Truly personalise your showering space by selecting from our friction-free rotating panels to provide easy walk-in access or opting for the ultimate spa/hotel style fixed deflector panel with clear seals. Rotating panels can also be retrofitted.

1	Select your showering space (recess, corner or flat wall).
2	Measure the floor space (width x depth) to include all wall tiles or wall coverings.
3	Choose your glass panels (8mm or 10mm) and glass size(s), plus a wall profile for each larger glass panel.

4	Select your bracing/stabilising preference to suit the number of glass panels, room construction and optional deflector panels.
5	Choose your glass connecting and deflector options.
6	Choose your colour finish and enjoy!

CURVED BATH SCREEN

With a gentle and frameless curve to the top of the screen, the bottom seal matches the finish of the wall mount, sealing effectively against leaks. Practical and stylish, the inward-opening hinged bath screen offers ease of access and effective sealing. Available as a single panel or two panel option for additional protection against splashing water.

LAKE'S LIFE EASIER

Showering is more than simply washing. It's taking much needed time for yourself. For many those precious, blissful few minutes in the shower are rare opportunities in our busy days to unwind, to relax and to refresh.

From the clarity of the glass to the quiet glide of the doors, at Lakes we consider every aspect of the showering space, to make sure it suits the needs of the people using it. So, whatever you need, whatever your style, scale or budget, our intelligent designs mean there's a solution for you.

Our Wave collection is no exception, providing the ultimate showering experience. From softly closing doors and refined hardware to crystal clear specially treated glass that doesn't scratch. Elegant designs with a choice of finishes and solutions for multi-generational living.

And Lakes' quality extends beyond ergonomics and craftsmanship. Our service is simply the best in the business and our precision engineering gives us the confidence to offer a no-quibble Lifetime Guarantee that is transferable if you move house.

CARBON NEUTRAL AND SUSTAINABILITY

Lakes has taken steps to be certified Carbon Neutral by changing how we operate as a business. Naturally, we recycle all our product, site and office waste. Our product packaging is 100% recyclable too, plus we're working with customers to take back our used packaging from installers through participating stockists. This step alone will remove 2,000 kilometres of plastic banding and two million pieces of polystyrene a year from landfill.

We continue to work with Carbon Footprint Ltd to offset the carbon emissions produced in the day-to-day running of our business by investing in environmental projects. For this work, Lakes is proud to have been awarded the Carbon Footprint Standard and recognised as a Carbon Neutral Plus organisation.

LIFETIME GUARANTEE

Lakes' no-quibble Lifetime Guarantee covers all of our showering spaces and spare parts and is also transferable. So even if you move home, the new owner will still be covered.

And, if you have a problem with any part of your Lakes showering space, we will sort it out. Quickly. Our efficient customer service means parts will probably arrive the next day. Another reason why we're recommended by homeowners, stockists and installers across the UK.

For more information on the guarantee for shower trays and electrical components, please contact us directly.
