Fixed Panel Bathscreen (8mm)

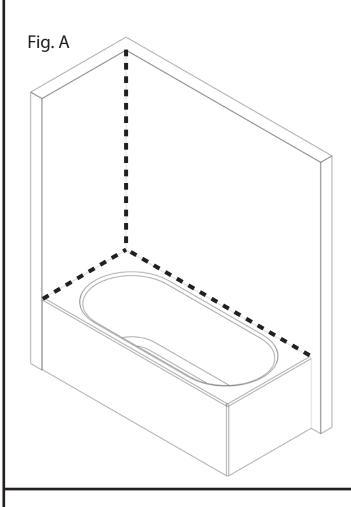

Installation & Maintenance Instructions

11.24

Product code	Adjustment range (mm)
MWB90-030	300 - 315
MWB90-080	800 - 815

Bathscreen is fully reversible so is suitable for fitting with opening to left or right hand side of bathtub.

Ensure bathtub is correctly levelled & that tray / wall (tile) joints are sealed & cured over entire length of tray sides (See Fig A) prior to fitting enclosure.

DO NOT SEAL BATHTUB UP TO A FITTED BATHSCREEN!

Tools Required:

Power drill & 6mm masonry or tile bit

Spirit level

Good quailty silicone sealant & applicator

IMPORTANT NOTES:

Please read carefully & retain these instructions for future reference.

- 1. For ease & safety we advise that two persons assemble this product.
- 2. Protect bathtub surface at all times.
- 3. Exposed glass corners/edges MUST NOT contact hard surfaces at any time.
- 4. Check for cables, pipes etc. before drilling walls.
- 5. Ensure all surfaces are dry, clean & free from loose debris or dust.
- 6. Unpack goods with care (small parts can become lodged in packaging and inadvertantly discarded) Check parts supplied against parts and fittings listed herein.
 - Damaged parts / omissions may be resolved by calling helpline.
- 7. Whilst precautions are taken in manufacture, care must be taken when handling as rail ends may have sharp edges.
- 8. Before commencing, check that:
 - a) Bathtub is level & completely sealed to finished / tiled walls.
 - b) finished walls are sound and free of cracks, loose tiles / grout.
- 9. AFTER INSTALLATION DO NOT WET BATHSCREEN FOR 48 HOURS TO ENSURE FULL CURE OF SILICONE SEALANT.

Use:

General Care & Maintainance.

Provided this product is installed and operated in accordance with these instructions problems should not arise however should maintainance be required it should be carried out by a competant person with reference to these instructions. Before any work is carried out, the root cause of the problem must be identified. Service engineers are available if necessary to consult / carry out remedial work - Call helpline.

Cleaning. (Every one to two weeks depending on local water (hardness) conditions)

All glass panels in this product have a hydrophobic coating which aids "runoff" of water droplets, reducing the need for frequent cleaning however for best appearance & product life regular cleaning is recommended.

Use ONLY mild soap / detergent solutions to clean, rinse with water, squeegee glass panels and wipe frames dry with a soft cloth. Under no circumstances should abrasive, caustic or scouring products be used. Non-complience with these cleaning instructions may cause decorative finishes to deteriorate & could adversly affect safe operation of the enclosure.

Daily Care.

To prevent the build up of limescale, do not allow water droplets to dry on glass or frames. After showering, rinse with water, remove droplets of water from glass with a squeegee & wipe frame with a soft cloth.

Customer Service.

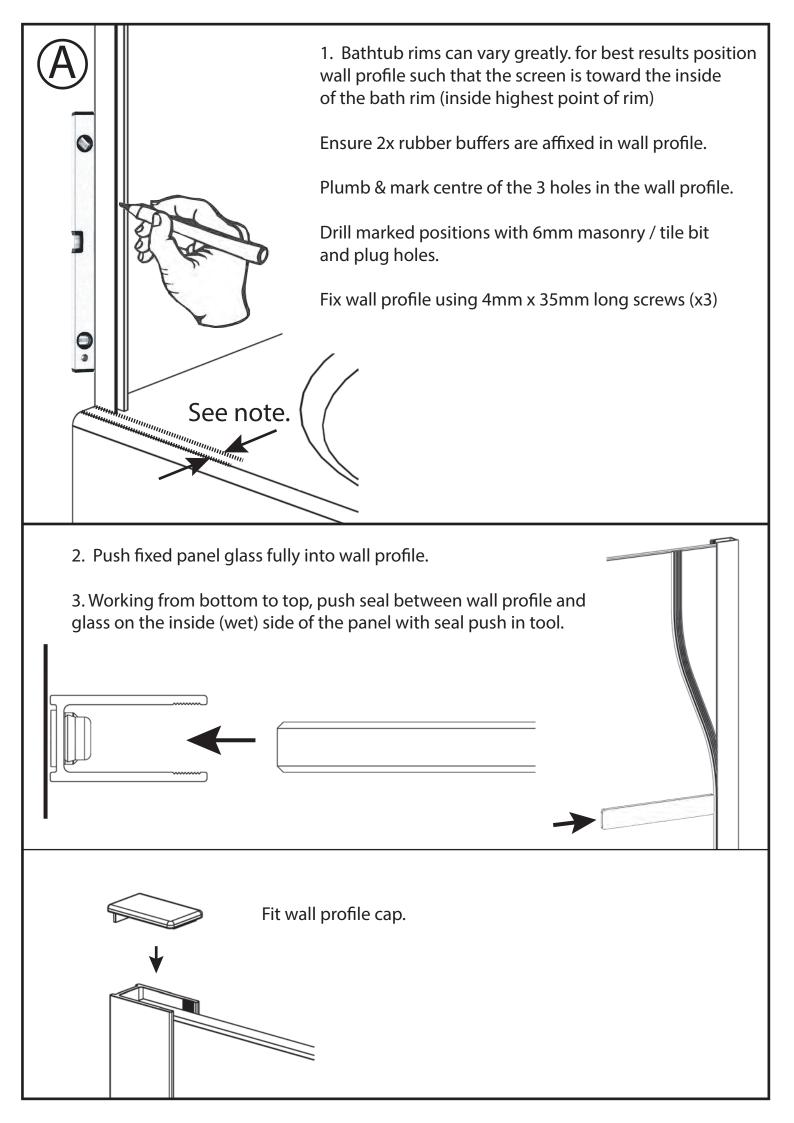

Quality guarantee: We guarantee shower doors, enclosures and bathscreens against any manufacturing or material defects for the duration of the warranty. We will resolve defects free of charge by repairing / replacing parts as we feel necessary. To be free of charge, service work must be carried out by approved agents.

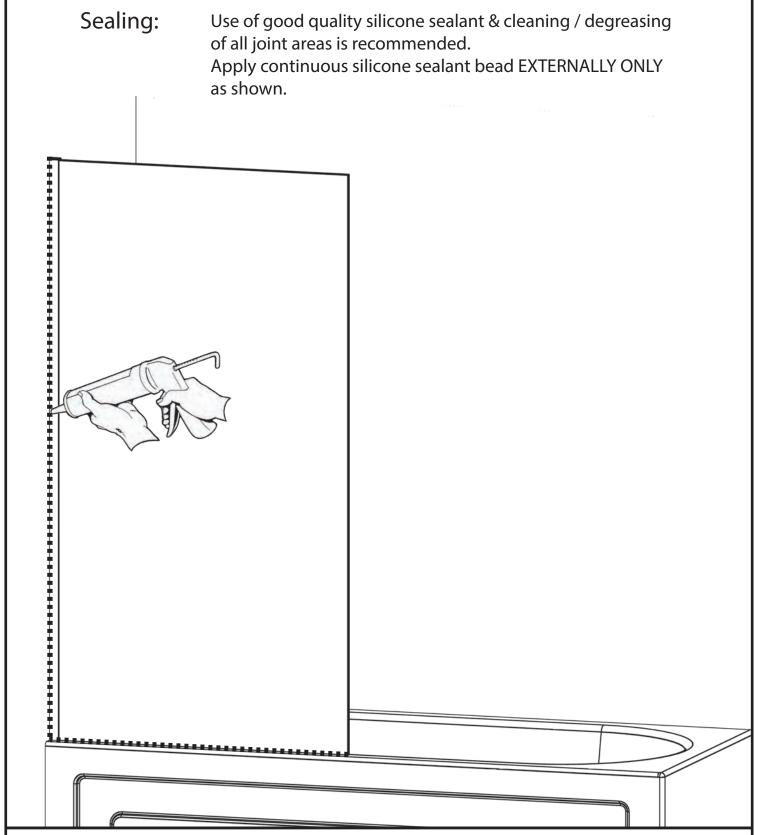

Seals are considered "wear & tear" parts and as such are guaranteed for 12 months from purchase.

Not covered by this guarantee: Damage or defects that result from improper installation, improper use or lack of maintenance (including limescale buildup). Damage or defects that result from repairs / modifications undertaken. by unauthorised persons. This guarantee is in addition to statuatory and other legal rights.

What to do if anything goes wrong: Should the product not fuction correctly on initial use, firstly contact the installer to check that unit installation & comissioning are in accordance with these instructions. Should this not resolve difficulties or should performance decline, consult 'Troubleshooting' section of these instructions to see if simple home maintenance is needed. alternatively our helpline staff can assist or arrange for a service engineer to visit if necessary.

Spares: We maintain an extensive spare parts stocks. spares can be ordered / purchased from your retailer in the first instance. Parts will normally be despatched within two working days from placement of order.

Trouble shooting - Leakage:

The sealing method described in these instructions relies on a continuous seal being applied between shower walls & bathtub before installing the bathscreen, it ensures a watertight seal around the perimeter of the bathscreen to the shower walls & bathtub.

In the unlikely event of an enclosure leak, water will be visible on the outside of the enclosure itself, or around the perimeter silicone seal ONLY. Water / moisture appearing outside this area (i.e. at floor level) is normally due to incorrect bathtub installation.

Service: 08:30 - 17:00 Mon. - Thurs. 08:30 - 16:30 Fri. 01684 857411
